Emco forms "EMCO Foundation"

Emco Ltd has announced that the Company has established a forum called 'EMCO Foundation' (EF), which has been registered as a Trust with the Charity Commissioner, Maharashtra. EMCO Management established 'EMCO Foundation' to ensure that EMCO's CSR role meets its objectives and remain focused.

EMCO has always played a pivotal role during floods, earthquakes or any major natural disasters in the country. EMCO has decided that it is time to participate and commit itself just not as a donor but involve the employees of EMCO and the community in a planned manner so that its CSR role is more focused and sustainable. For this, EMCO has identified three pillars of sustainable development, i.e. Education, Healthcare and Environment as its priority areas.

While expressing great delight at the creation of EMCO Foundation, Mr. Rajesh Jain, Chairman, EMCO Ltd said, "As Mother Teresa told some of the donors, "I do not want your Money but your Time", our policy is not just to donate but also to work along with NGOs by involving the community, our employee & volunteers to make CSR activities more sustainable. It is also important to realize that charity begins at home and in all identified projects, be it Education,

Healthcare or Environment, whatever we want to do in the outside world, is already implemented at EMCO, and more so in respect of Environment and Healthcare".

"We have obtained combined certification for ISO 14001 and OSHAS 18001, which truly reinforces our firm commitment towards improving our environmental and occupational health performance. The matured management systems existing under the umbrella of ISO and OSHAS systems would further forge a ground for integration of the CSR structure into the entire Company's organization and culture," said Mr. Jain.

Mr. Rajesh Jain, Mr. Shailesh Jain, Mr. Arif Petiwala and Ms. Meenakshi Jain are the Founder Trustees of the Foundation and Mr. S Ramaswamy is the designated Managing Trustee. EMCO Foundation have inducted experienced people for these activities. Many of EMCO employees along with their spouses have already enrolled themselves to be the volunteer for this effort.
